the yas hotel

The Yas Hotel is like no other hotel ever built. Individuality and excitement are the cornerstones of everything here. No expense has been spared to make this spectacular building one of the world's most desirable destinations for business or leisure.

With a truly breathtaking location set half on land and half on water, overlooking the marina and positioned on the Yas Marina Circuit, host to the 2009 Formula 1™ Etihad Airways Abu Dhabi Grand Prix, you have never seen another hotel quite so excitingly distinctive, inside and out.

Operated by Aldar Hotels and Hospitality, The Yas Hotel embodies everything that is exciting about modern and contemporary design. From the outside, the incredible LED colour changing gridshell will be seen for miles around and mimics the throw of a local fishing net, whilst the architecture embraces the environment perfectly based on the ergonomics and speedlines of high performance cars and yachts.
This concept continues throughout the hotel and influences everything, from the furniture in the perfectly appointed 499 rooms and suites to the striking interiors of the 13 food and beverage outlets and Conference and Events facilities.

The result?

A truly iconic structure that will be admired and enjoyed for generations to come.

Designed with flair, passion and above all, individuality, the hotel consists of two separate buildings, connected by a link bridge overlooking the circuit. Situated on the Yas Marina, Yas Marina Circuit and a short distance to the first 18-hole links golf course in the region, the recreation on Yas Island is as impressive as the 10 treatment room spa, gym and rooftop swimming pools.

Put simply, whether inside or out, The Yas Hotel will set your heart racing.

The Yas Hotel's 499 rooms range from 54 Sq M to 409 Sq M.
